SALES PERFORMANCE ANALYTICS

Mock Project

Home | Dashboard | Sales | Product | Customer | Self Service BI

ABOUT THIS PROJECT

Project Overview

This Power BI mock project provides an interactive analysis of retail sales performance, customer behavior, and product trends.
The main objective is to transform raw sales data into meaningful business insights through interactive dashboards and key performance indicators (KPIs).

Dataset Overview

- **Period:** 2022–2023
- **Sales Records:** 2,287
- **Customers:** 36
- **Products:** 5
- **Stores:** 4
- **Data Source:** Excel

The dataset contains sales transactions, product information, store details, and customer demographics.

Key Performance Indicators

- **Total Sales:** Overall revenue generated
- **Total Quantity:** Number of products sold
- **Total Transactions:** Number of recorded sales
- **Unique Customers:** Number of distinct customers
- **Average Spend per Transaction:** Average transaction value

Report Navigation

- **Dashboard:** Overview of business performance and key metrics
- **Sales:** Sales trends and performance over time
- **Product:** Product and category performance analysis
- **Customer:** Customer demographics and purchasing behavior
- **Store:** Store-level sales performance, revenue comparison, and transaction analysis
- **Self Service BI:** Interactive data exploration

Tools & Technologies - Power BI Desktop | Power Query | DAX | Excel

Project Purpose

This project demonstrates practical skills in data preparation, data modeling, KPI development, data visualization, and interactive business reporting

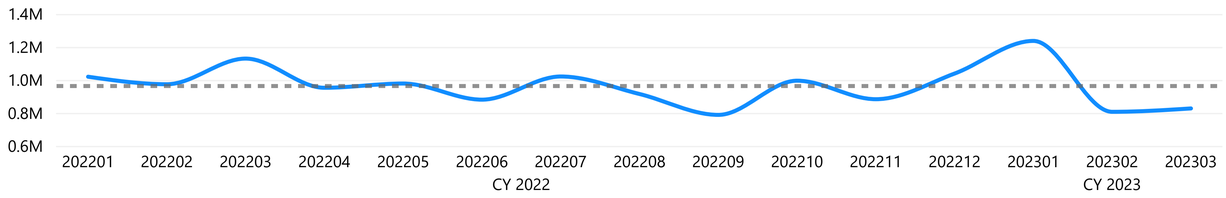

OPERATIONAL DASHBOARD

Total Sales	Total Qty	Average Spend per Tra	Number of Transactio	Unique Customers that
14M	8K	6.32K	2K	36

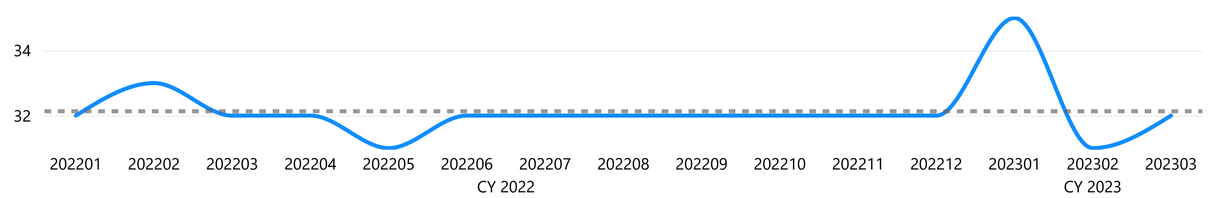

Date: 1/1/2022 – 12/31/2023

Store Name: All | Product Category: All | Product Name: All | City: All | Gender: All | Customer Age: All

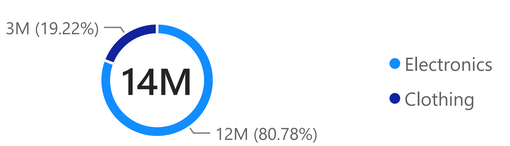

Total Sales by Calendar Year

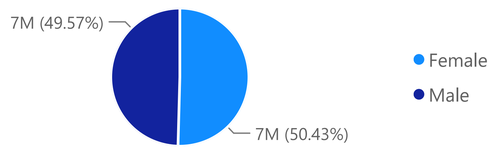

Distinct Number of Customers that Purchased by Calendar Year

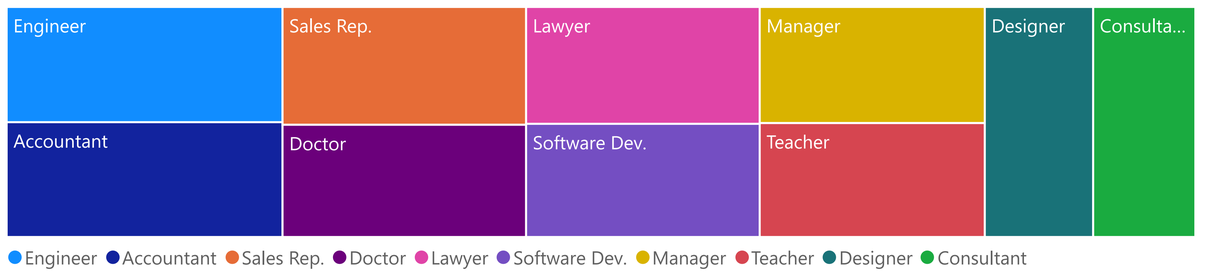

Total Sales by Product Category

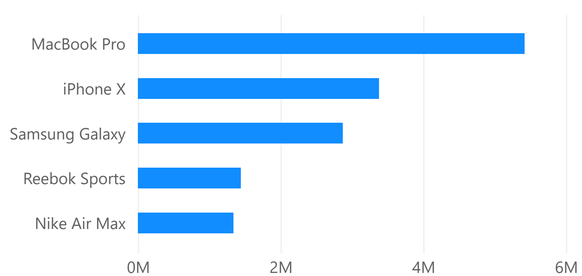

Total Sales by Gender

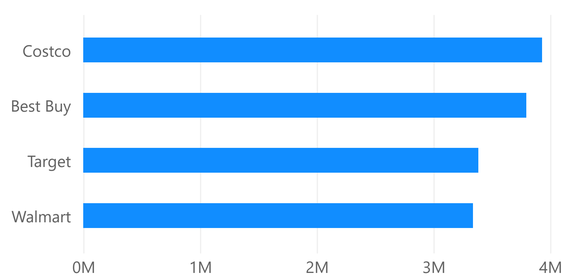

Total Sales by Occupation

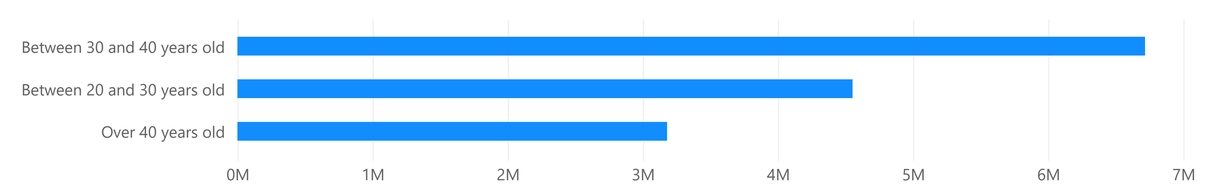

Total Sales by Product Name

Total Sales by Store Name

Total Sales by Age Bucket
